-----  
Without your support, there would be no County model airplane field. The RAMS Club operates the field in the public interest on behalf of the County. This application entitles you to club membership, which includes a voice in the meetings, a monthly news letter, and fellowship among aviation modelers.

The club provides free flight instruction to all members who also hold a **Field License** for the field.

A separate application and fee is required for all field licenses.
