

LEARNING KIT

LANDSCAPE

LK954

You can use this Learning Kit on an existing layout or practice on a piece of cardboard, wood or Woodland Scenics Foam Sheet. There is enough material included in this kit to landscape a 2x2-foot surface.

INSTRUCTIONS

1. Mix entire bottle of Earth Undercoat with 2 bottles of water (2:1 ratio). Generously brush over entire modeling area to create a base color with light and dark patches of terrain. Let dry.
2. Cut off corner of Green Blend Blended Turf bag, spray modeling area with Scenic Cement, then sprinkle over Earth Undercoat (Fig. 1). Let Earth Undercoat show through in some spots to create a realistic appearance. Use approximately 3/4 of the bag. Save remainder for touch up work.
3. Open other bags of Fine Turf. They will be used to create a more realistic appearance by varying the color and texture of the landscape. Spray area with Scenic Cement™. Sprinkle Burnt Grass and Earth Fine Turfs to model realistic color variations. Soil Fine Turf can be used to model darker patches of landscape or a path. Mix and blend the assorted Fine Turfs until satisfied with color and texture of landscape. To seal landscape, spray Scenic Cement over entire terrain (Fig. 2).
4. Open Medium Green Clump-Foliage™ bag. Apply patches of white glue randomly over layout surface for placement of bushes and other vegetation (Fig. 3). Press pieces of Clump-Foliage into glue. We recommend Scenic Glue™ (S190) which dries to a clear, matte finish.
5. Open Medium Green Coarse Turf bag and sprinkle some of the contents around base of Clump-Foliage bushes. This helps the bushes blend with the landscape. Also sprinkle Medium Green Coarse Turf in random areas around layout to vary texture of landscape.
6. Use Yellow Grass Fine Turf to add lighter highlights around the layout.
7. Spray entire model with a final coat of Scenic Cement. Allow to dry.

WARNING: Choking Hazard! Small parts. Not intended for children under 3 yrs. Adult supervision required.

AVERTISSEMENT: Danger d'étranglement! Petites pièces. Pas recommandé pour les enfants de moins de 3 ans. Supervision d'un adulte requise.

ADVERTENCIA: Peligro de ahogarse. Partes pequeñas. No diseñado para el uso de niños menores de 3 años. Supervisión de un adulto.

WARNUNG: Erstickungsgefahr! Kleine Teile. Nicht für Kinder unter 3 Jahren geeignet. Nur unter Aufsicht eines Erwachsenen verwenden.

MODELING AND CARE INFORMATION: This kit suggests the use of products which may stain or cause damage. Follow recommendations for use and clean up. Take care to cover project area and clothing appropriately.
